

Land Use Board (make 2 of these)

Finished dimensions of
each Land Use Board
is 36" wide x 48" long

Background fabric is a
tan/brown material that
looks like dirt

This area we made out of
fabric that looks like water

This area we made out of fabric
that looks like plants

Note: The water system shown here has to be large
enough to reach from one end of the fabric to the
other. You will join the two Land Use Boards
together toward the end of your teaching session to
form one large watershed.
